

6 October 1969

25X1 [redacted]
25X1 1. This attached Memo for the Record 26 September 1969
[redacted] to ask for details about our
storage problem.

25X1 2. In my talk with the engineer [redacted] 25X1
25X1 [redacted] I find they are trying to get the
Motorized Shelving requirements into one coordinated response
to the DDS memo of 6 August 1969. They also feel [redacted] 25X1
should become their Central Coordinator and add any new ideas
he can come up with.

25X1 3. I advised [redacted] to keep the problem simple by
responding quickly and as requested without adding a whole
new demension. Mr. Bannerman asked for space at [redacted] 25X1
We asked for costs on Building [redacted] 25X1
Study [redacted] Shelving is a third problem. [redacted] will
have a real problem trying to put all three in a memo to DDS
from [redacted] I suggested to [redacted] that they answer 25X1
DDS about [redacted] and us on the others as soon as possible because
time is getting short. I said your note to [redacted] would go 25X1
out today and I'd be available to brief [redacted] any time they 25X1
wanted me. 25X1
